Approved For Release 2000/08/08 : CIA : L 293 107 88 R002000100005-5

3 July 1980

SPECIFIC TASKS TO BE PERFORMED (U)

## FIRST YEAR

- 1. (S/NOFORN) Train selected personnel in the remote viewing technique.
- 2. (S/NOFORN) Determine if speech and audio analysis techniques can be used to calibrate (accuracy) descriptions provided during operational remote viewing sessions.
- \*3. (S/NOFORN) Train selected personnel on tracking techniques.
- \*4. (S/NOFORN) Determine if physiological monitoring (brainwaves, blood flow, etc.) can be used to calibrate (accuracy) descriptions provided during operational remote viewing sessions.
- \*Recommend contractor other than SRI.

## SECOND YEAR

- 1. (S/NOFORN) Examine the effect of autogenic training on remote viewer's abilities.
- 2. (S/NOFORN) Determine if remote viewer's "presence" can be detected at a target.
- 3. (S/NOFORN) Determine ways to prevent remote viewing "access" to targets.
- 4. (S/NOFORN) Investigate possible 90 minute cycle of R-L hemisphere dominance on RV production.

## THIRD YEAR

No comment.
